

SYLVAFIX

PRODUCT INFORMATION

GENERAL DESCRIPTION

SylvaFix is for use when installing Junckers solid hardwood floors with clips.

The adhesive is only to be used at the floorboard ends. Never apply the adhesive to the longitudinal side of the floorboards, except for floorboards placed in the last row up against the wall.

PRODUCT DESCRIPTION

Product:

1-component, moisture resistant PVAc dispersion in class D3, according to EN204/205.

Package size: ¾ litre.

Appearance: White, slightly fluent.

TECHNICAL DATA

Coverage:

3-4 g per floorboard end. The content of one bottle is sufficient for a floor area of 50 m².

Open time: Maximum 5 minutes at 20 °C and 50 % RH.

Temperature range:

The adhesive must not be exposed to temperatures below 0 °C or above 30 °C. Application temperature from 10 °C to 30 °C.

Spillage of adhesive on the floor surface:

Remove immediately with a damp cloth. Dried up adhesive can only be removed mechanically.

Storage: Lasts 12 months in unopened packaging at 10-20 °C.
